

DEER WOMAN FOR PREZ 2028

TAKE A LEAP OF FAITH...
OR GET LEFT IN THE FOREST

**For centuries, I've tracked
predators who harm the vulnerable.
But the biggest predators now wear
suits, not just bad intentions.**

**Saving one woman at a time isn't
enough anymore. Time to clean out
the whole damn forest.**

**My platform? Accountability. My
superpower? I can smell a lie from
miles away. And D.C. reeks.**

**My opponents promise change every
four years. I've been delivering
justice for four thousand.**

**Turns out, voters were ready for a
candidate who actually protects
them. Leap Year. Leap of Faith.
Leap into the White House.**

First order of business... The buck stops here.
